General Course Information

The 52728WA Certificate IV in Contemporary Pilates and Teaching Methodology covers the essential skills and knowledge for executing and instructing Pre-Pilates and Pilates Traditional Matwork exercises and programs in a safe, effective and contemporary manner applying sound knowledge of the philosophical and mechanical Pilates principles, fundamental anatomy and biomechanics, as well as specific teaching methodology.

On successful completion of the 52728WA Certificate IV in Contemporary Pilates and Teaching Methodology you will be able to demonstrate a range of well-developed skills applicable in health and fitness settings.

Work at this level may be undertaken independently or under guidance and/or supervision.

Pre-requisites:

This is an entry-level course and there are no pre-requisites for the 52728WA Certificate IV in Contemporary Pilates and Teaching Methodology course. Ideally, your body should be fit and healthy and capable of reaching a highly competent level with the Pilates repertoire.

A minimum of 30 hours Pilates experience.

Entry Requirements:

Language, literacy and numeracy skills sufficient to understand anatomy terms, physiology terms, pathology terms and be able to communicate with other Allied Health professionals.

Learners must be physically able to undertake a range of Pilates exercise. A medical practitioner's certificate may be required at the discretion of the RTO.

It is recommended that the learner obtain a basic first aid qualification such as HLTAID Provide first aid or its successor unit.

Units of Competency:

The units of competency for the 52728WA Certificate IV in Contemporary Pilates and Teaching Methodology have been specially written to meet industry requirements for Pilates Matwork Instructors. The Units within the course are listed below:

ARTMAT401	Apply basic Pilates anatomy
ARTMAT402	Teach Pilates essentials
ARTMAT403	Remedial Pilates I – conduct postural assessment
ARTMAT404	Remedial Pilates II – conduct movement analysis
ARTMAT405	Teach active dynamic pelvic floor training
ARTMAT406	Teach Pilates flow
ARTMAT407	Design functional Pilates flow choreography
ARTMAT408	Implement tactile and kinaesthetic instructions
ARTMAR401	Market your Pilates knowledge

Career Pathways:

Completion of the 52728WA Certificate IV in Contemporary Pilates and Teaching Methodology satisfies the entry requirements of the 52625WA Diploma of Contemporary Pilates and Teaching Methodology

Target Group:

This course is suited to students wanting to pursue a part-time or full time career as a Pilates Matwork Instructor; either within an existing Pilates Studio, work as part of an allied health team or to work independently.

Delivery Mode:

Online (30 hrs) –the anatomy and physiology knowledge unit of competency and the topics; History of Pilates and WHS are undertaken on line. Login for Tensegrity Training website will be provided once the enrolment form is completed and the non-refundable enrolment fee of \$200 is paid.

Classroom Delivery (80 hours) – includes formal lectures and workshops covering Pilates theory, practical instruction of the Pilates exercises and student clinics.

Delivered over approximately 18 weeks with mandatory attendance at 5 the designated workshops, covering the theory and science of Pilates, practical instruction of Pilates repertoire exercises, teaching methodology and programming for Pilates Matwork Instructors.

Self-Study (80 hours) – 3 to 4 hours per week self-study of the theory and science of Pilates, including practical and written assessments set weekly by the course provider over the duration of the course. This includes set assessment tasks, selected readings, research and participation in study groups.

Clinical Practice (50 hours) - which involves 50 hours work experience in one or more Pilates studios involving general administration duties and Pilates instruction enabling the consolidation of theoretical knowledge and practical skills.

Personal Exercise Practice (50 hours) – includes a minimum of 32 hours participation in Pilates sessions taught by an accredited Pilates Instructor and signed off by that instructor; and 18 hours personal practice of Pilates exercises as set by the course provider on a weekly basis (1hr per week). These hours must be recorded in students' personal exercise journal.

Costs associated with undertaking these Personal Practice sessions will be in addition to the cost of your course fees.

Scheduling:

Workshops are conducted approximately one month apart for the duration of the course. Scheduling may vary at the discretion of the Course Provider. Contact your Course Provider for specific workshop dates.

Assessment:

Assessment involves gathering evidence of competency through a combination of formative assessment (during the learning process) and summative assessment (which occurs at the end of the learning process).

Evidence of the following must be presented:

- The ability to perform the Pre-Pilates and Traditional Pilates exercise repertoire
- Knowledge of anatomy and physiology at a level appropriate to the work of a Pilates Matwork Instructor
- The ability to design and teach Pilates Matwork to individuals and classes following the Tensegrity System of Pilates Instruction
- Completing 50 hrs of Personal Practice
- Completing 50 hrs of supervised clinical practice

Assessment methods include:

- Written tests
- Undertaking client health assessments – simulated or under supervised clinical practice time
- Case studies
- Providing feedback during peer activities
- Pilates Session design
- Personal Practice – log book
- Supervised Clinical Practice – log book
- Demonstration of Pre-Pilates and Traditional Pilates repertoire
- Teaching Pre-Pilates and Traditional Pilates Matwork classes (simulated activities within the learning environment and involves training peers)

Reasonable adjustment:

Reasonable adjustments to the assessment methodology may be made on a case-by-case basis.

RPL:

Experienced and competent Pilates Matwork instructors may apply for recognition of prior learning (RPL) which requires the demonstration of the required knowledge and skill application.

- Candidates' knowledge will be assessed by interview
- The candidate will demonstrate their own ability to competently undertake a range of exercises from the Pilates exercise repertoire in a Pilates studio.
- The candidate must provide evidence of having instructed client groups in Pilates sessions of at least 45 minutes

duration. This instruction of clients will need to have been undertaken over a period of time.

- A statutory declaration confirming that the candidate has instructed clients to the required standard of the Pilates exercise repertoire consistently and over time will be required.

Access and Equity:

Whilst Tensegrity Training practices a policy of non-discrimination, they reserve the right to refuse an application for enrolment where there is reasonable evidence to suggest that the applicant is physically incapable of carrying out the normal requirements of a Pilates Matwork Instructor.

Students may be assessed prior to course commencement to determine capability to undertake the course and their suitability to work as a Pilates Matwork Instructor.

Tensegrity Training may at their discretion require an applicant to provide a Doctor's Certificate stating that they are physically capable of undertaking Pilates exercises contained in the course.

Students are encouraged to discuss their needs in relation to undertaking their personal Pilates exercise schedule and clinical practice with their course provider and are required to seek feedback on their exercise performance.

Resources:

Students will be provided with:

Access to a Pilates studio

Login password to Tensegrity Training Website for online unit(s)

Electronic copies of learning and assessment materials, including:

- Course Materials – Module Booklets
- Pre-Pilates Workbook
- Traditional Workbook
- Assessment requirements

Course Outcomes:

The course consists of a total of 9 Units of Competency.

At the successful completion of the course students will be awarded the 52728WA Certificate IV in Contemporary Pilates and Teaching Methodology

Students who do not complete all the requirements of the course within the specified timeframe (3 months from last workshop) will be issued with a Statement of Attainment for Units of Competency successfully completed.
